TONOPAH EXTENSION SLUMP.

DENVER, July 10.—{Exclusive Dispatch.} Rumors are affoat here that the recent heavy slump in the Tonopah Extension Mining Company's shares from about \$12 to 44 was a stock-lobbing scheme, whereby certain large stockholders gained control, freezing out the small holders. At first it was stated that John McKane of Pittsburgh, Nevada manager for Charles M. Schwab, had been removed by the latter, after a quarrel, and had thrown his stock on the market, causing a slump in the market value of the property of \$10,000,000. From New York comes the report that Schwab and McKane are friends again, and that the former now has control of the property. A quarterly dividend of 25 per cent, on outstanding shares and an extra dividend of 10 per cent, has been declared. The disbursement will be \$150,000. The stock has reached \$8 a share already.

passe the determination of the state Department.

He has now been instructed to in-form that department that the pro-posed action requires a previous agree-ment between the two countries, which has not been effected in the present case.

An opportunity for boys (on a par with our Semi-Annual \$10.00 Suit Sale for men) a great saving occasion for mothers. An event we have been planning and working ahead to with all the energy at our command, to make it the most important suit happening for boys we have ever held, with the object of giving the high character of our boys' clothing and the lowness of our regular prices still wider publicity.

Manufacturers have helped us generously—sample suits—surplus stocks. Complete lines from some makers have been turned our way. Hundreds of suits all told, have passed the examination (of course, they had to stand the Broadway test of sturdy quality before we would accept them at any price; the dependability of our values is an asset we cherish jealously; upon it rests the dependability of our business.)

\$5.00 to \$7.50 Values Every Suit Marked \$3.00 and Out Thursday

First Time Cheap enough to tumble about in; strong enough to stand rough wear. Plenty of nobby dress styles, Buster Brown, Russian blouse, Eton and Sailor blouse effects for little fellows from 2½ to 10 years; double and single-breasted Norfolks with plain or bloomer pants. Double-breasted jacket and pants suits in plain serges, blue, red and brown. Then there are fancy worsteds, tweeds and cheviots—not a suit worth less than \$5.00, many worth \$7.50 and such numbers of them it will be like choosing from a big regular stock at one price—\$3.00. Sale starts Thursday morning, second floor. Tell your neighbor, in case she doesn't read this news, her little boy will be glad to share these values, too.

"Take your time and wettle your own discussions. We want you to join us in founding an undenominational college, rather than an interdenominational college. If you don't choose to accept this offer we will then enlarge the board of trustees of Pomona by appointing two or three Baptists and Christians who will help us build a college.

Dr. Stephen A. Northrop, pastor of the First Baptist Church, was chairman and at once opened a discussion touching the remarks of the Pomona president. The chairman when asked to address the meeting, sounded a note of caution and excused himself from giving, a direct opinion, on the pleas that he is a new comer.

Dr. Robert J. Burdette heartily favored the movement.

"I attended one or two Pomona commencements," said he, "and formed a profound impression of the high standing of the college. I am heartily in favor of this proposition and hope it will be ratified. The many ills that come during the hot, sultry weather can be avoided by Duffy's Pure Malt Whiskey, taken regulary as prescribed.

The exhausing heat of the summer weather causes untold suffering and misery to thousands of men women and children. Deaths occur on all sides from diarrhoea, dysentery, chills, cholera morbus, typhoid and other fevers, due in a great number of cases to impure water and the consumption of unripe fruits by those whose systems and stomachs are not in a healthy

condition. If all were more careful to have their systems in a vigorous condithe germs of these could not obtain a foothold. Leading doctors agree that Duffy's Pure Malt Whiskey has no equal as a destroyer of poisonous germs in the system. It aids digestion anld assimilation; purifies and enriches the blood; regulates the bowels; quiets the nerves; hardens the muscles; stimulates the heart's action and builds up and

can be retained by the most deli cate stomach, as it is a food already digested. It is also absolutely pure and contains no fusel oil, and is the only whiskey recognized as a medicine.

the bier and offered condolence to Mrs. Rucker.

At 3:30 o'clock in the afternoon services were conducted by Dean J. J. Wilkins of St. Paul's Pro-Cathedral. The little funeral chapel was filled with men prominent in army circles and private life.

Many members of Bartlett-Logan and Stanton posts; G.A.R., were present, as also were many companies of the Legion of Honor.

Dean Wilkins's address was short, and consisted of a warm eulogy of the gallant dead warrior's strenuous and earnest life and long, honorable carrier. Following the funeral oration the casket was borne into a waiting bearse, which was driven to the Arcade depot.

resident of Los Angeles, and was closely connected with its growth. He was born in Hunterdon county, New Jersey, and was graduated with honors from the Ohio Medical College in 1856. He practiced his profession for a few years and immediately upon the outbreak of the Civil War he enlisted with the Twenty-hist Ohio Volunteers, serving for three months. Upon his honorable discharge he reënlisted in the Eighty-seventh Ohio Volunteers, and served as hoppital steward. At the close of the war his regiment presented him with a swoord in recognition of his bravery in the battles of Buil Run and Gettyaburg.

Dr. Franklin came across the prairies to California in 1865, and was placed in charge of the hospital at the Drum Barracks Wilmington.

He married Miss Mary Anderson of Los Angeles in 1865, and shortly after
The was his protest in open session against Sunday "booze" and the high-horse riding by the liquor interests. The executive conclave which preceded it was somewhat turbulent, but the board laundered its own solied linen from his confreres. They would not go so far as to grant the revocations he asked, but they agreed that in each scatcher shall be a hearing before the commission.

Following a tedious hearing over the billiard hall license of "Scotty" Allen, on East Third street, the clerk announced that the table was clear.

"Just one moment before you adjourn," interrupted Mason, "I have a matter to bring before the commission."

The coterie over by the window, the

The coterie over by the window, the corner reserved for the liquor interests, drew closer together and shivered. Some of the seat warmers who were leaving hurried back for what promised to be an extra-inning game. "Some weeks ago Chief Aubie made a report on the Liberty saloon," went on Mason. "He said that it is conducted in a disorderly manner, and that the proprietor runs it in conjunction with a house of ill fame.

"That report has, in some unaccountable manner, disappeared from view. The Chief recommended that

Like the humming of bees when the hive is in danger came the low-toned murmurs from saloon corner. Mayor McAleer looked at his bronco commissioner, a half-smile lingering about his steel-gray eyes.

Someon, However, Was bleeded and Had Virgil Cummins has assistantly been and by the applied to the Superior Country and the continue of the province of the provi

sal of the criminal proceedings against Cummins.

After a lot of trouble and working of the telephone the court was discovered at his home, and by telephone he ordered that the newly-married man be allowed to depart on his own recognizance. Trust a Judge to find a way out of a difficulty in which a merty-married couple are stalled. Cummins tucked the hand of his plump little wife under his arm, and started out on such a brief honeymoon as the conditions under which he has recently labored would allow. This morning the case against him will be dismissed.

STACKPOLE MAKES CHARGES.

Ernest G. Stackpole, who is charged with having murdered Joel Sheck, under circumstances of atrocious brutality, is keeping his corps of attorneys jumping sideways in the attempt to show that he has been "railroaded" so far on his journey to the gallows.

Yesterday Messrs. Smyser and Noleman, Ackerman and Thompson, lined up in Judge Smith's court armed with a bundle of affidavits. These were in support of the motion previously made that the information against Stackpole be set aside, inasmuch as he had not been legally committed by a magnistrate.

Pool Play Begins Monday Night.

What is believed to be a world's record in the way of time made, resulted from the bank pool match played lagt night at the Rosslyn rooms on South Main street, in the second night's play of the three-cornered tournament between Banks, Johnson and Carney. The game was won by Carney by the close score of 25 to 23, and the notable feature of it was that the play took up but fifty minutes, which is certainly very remarkable considering the difficult character of the game and the fact that there is ordinarily so much safety play in it. A large crowd of spectators watched the sport and it was the general opinion that it was the best pool ever seen in Southern California in the number of difficult shots made.

This evening the match will be decided by a game between Johnson and Carney, both men now having beaten Banks.

Banks is still so doubtful about the ability of Johnson to beat him that they will play another game next Monday night of thirty balls of bank pool for 5100 a side.

On the same evening will be the first game of a continuous straight pool tourney in which the entries will probably be P. Arthur, Mills, Love, Pierce and Dixon. It is for Class B players and there will be two games every night next week, with the exception of Monday night, when there is but one, owing to the Banks-Johnson game. These games will be continued until each entrant plays every other one. AMERICAN LEAGUE.

. Blood Poison

On account of its frightful hidecusness, specific or contagious poison in the blood is the worst of all diseases. It may be either hereditary or contracted. Once the system, is tainted with it, the diseases may manifest itself in the form of scrofuls, eczema, rheumatic pains, stiff or swollen joints, eruptions or coppercolored apots on face or body—little ulcers in the mouth or on the tongue, sere throat, swollen tonsils, falling out of the hair or syebrows, and finally a leprous-like decay of the flesh and bone. Our specific treatment for this trouble, varied and modified to suit each individual case, is an unfailing cure to which a vast army of restored men today owe their sturdy health.

I arrived in Los Angeles to find that he had made one circuit recting a monologue, had falled of success, and that every theater on the circuit was closed to him. "I saw an opportunity to get a leading role with the Empire Theater Company. At San Diego I had been well received, and when, I asked Mr. Grant for a few dollars to assist me in fitting myself out to join Mr. Smith's company, he ungallantly turned down my request. No. I'll never return to him." Grant denies these allegations. So long as he is in town Manager Smith and Miss Seibert are being constantly guarded, and the police are keeping tab on the movements of Grant.

Togt Ogageta, the Jap who committed exided at the County Hospital the other day, is said to have been driven to the act by fear impelled through the threats of his fellow-countrymen, who, it is claimed, persisted in demanding that he draw his slender savings from the bank to gamble with. Ogageta refused, and was ostracled. This unhinged his mind, and he imagined he was marked for assassination. The circumstance brings to light the fact that there are well organized gambling fraternites among the little brown men, employed as fruit pickers throughout this section.

OFFICIAL WATER TESTS.

An official report on a test run given the Antil pumping plant has just been made to the Board of Water Commissioners. For a period of twenty-four hours the pumps handled 3.811.536 gallons of water, or almost a continuous flow of 232 inches. The test further showed that as the amount of water increased the cost of pumping per 1000 gallons decreased steadily, the test run faguring only \$0.075 per 1000, or 9% cents per inch per day. The total cost of operating the plant last month was \$543.65, for which period the city received an average of 150 inches of water per day. Formerly when the city rented Lytic Creek water, the cost was \$450 per month for 100 inches.

# Half Yearly Cleanup Sale

Just as soon as our doors opened Monday morning, there began a generous patronage throughout the house of all the bargain features advertised in Sunday's papers. There are many lines which may not get into print at all during the week, but you will find bargain tables and counters profusely loaded with merchandise, over which is the sign "Underpriced but not advertised." It gives evidence of being the most successful of our Half Yearly Clean-up Sales, and to make the occasion more interesting we will Wednesday inaugurate a big sale of pictures and a big sale of hosiery.

## TREMENDOUS PRICES POSITIVELY ONE HALF AND LESS

An echo of the 'Frisco disaster—this big lot of pictures were purchased by one of the large San Francisco firms months ago, but did not reach San Francisco until shortly after the earthquake. Owing to the chaotic state of merchandising, the firm to whom they were consigned could not or did not accept them, and the manufacturers—one of the largest firms in the East—rather than nave them returned to the factory, sold them to a representative of A. Hamburger & Sons at 50c on the dollar and, furthermore, remission of the freight and handling charges. So they were landed at our doors under such advantageous conditions that we can afford to offer them at prices never before known and probably never again to be known in Los Angeles. There is every kind of picture that an aesthetic taste could desire. They are all well framed and the subjects include originals or copies of the world's great masters, as also many original works by other artists of renown. We have divided the immense purchase into lots, and will briefly describe and price some of the most attractive of them as follows: Lot 1 Values to 50c

Hundreds of dainty landscapes, 4x14 inches, in 2-inch gold frames, with ornamental corners. These landscapes are in colors and are in such variety of subjects as to make it possible to find something to suit the purpose for decorating the walls of any room.

Lot 2 Values to \$1.50

A handsome collection of 9x24inch etchinga; matted and framed in 2-inch Flemish finished wood. These are the kind of pictures that harmonize so nicely with Mission furniture, so thoroughly characteristic of Cali-fornia decoration. The subjects are all of superior quality. 25c

Lot 3 Values to \$2.50
Pictures for living rooms and libraries; are 13x27 inches and are etchings all ornamental corners. Some of these are originals; others are copies of world-famed subjects and there is such variety that you can supply all of your wants.

Lot 4 Values to \$4.00

Handsome 14x24-inch etchings
framed in 3-inch Flemish finished wood with brass name plate, giving the name of place which each picture is taken from. This is a very fine line of scenic effects; some copies of rare old masterpieces; others equally as pretty in artistic effect.

Lot 5 Values to \$7.50

Large, handsome pictures for parlors and libraries; are 16x20-inch landscapes in colors; framed in fine gold molding with hand-

laid ornaments. The frames are 5 inches wide

and have gold leaf burnished tips. Nothing handsomer or more desirable could be found to sell here at retail at \$7.50. Lot 6 Values to \$20.00
The handsomest pictures in the lot; 20x30-inch pastels; beautiful landscapes

framed in very fine gold molding with band-laid ornaments with gold leaf burnished lines and tips; every one a work of art and by world renowned masters. There is not one picture in this lot that is worth less than \$20.00.
